- **Bachelor's in Information Technology**

L.D College Of Engineering

2021 - pursuing

Percentage: 73.60

- **HSC**

Axay High School

2020 - 2021

Percentage: 86.61

- **SSC**

Sadhana Vidyalaya

2018 - 2019

Percentage: 87.84

HOBBIES

- Problem solving
- Exploring new technologies

AREA OF INTEREST

- Artificial Intelligence and Machine Learning
- Data Science and Engineering
- DevOps
- Cloud Engineering
- Product Development

ABOUT

I am a motivated and enthusiastic developer with a strong foundation in computer engineering .I am passionate about AI/ML, cloud engineering , and product development . I'm a collaborative team player who is quick to adapt and contribute to a pleasant work atmosphere and Committed to continuous learning and delivering high-quality, scalable solutions, I am passionate about staying updated with industry trends.

PROJECT

- **E-Commerce Website**

Developed a fully-functional e-commerce website using the MERN stack (MongoDB , Express.js , React and Node.js). Implemented secure user authentication, a dynamic shopping cart, and a seamless checkout process with payment integration. Built an admin dashboard for product and order management. Ensured a responsive and user-friendly interface across all device

- **Portfolio Website**

Designed and developed a personal portfolio website using React.js to showcase my projects and skills. Implemented a clean , responsive design for an optimal user experience across devices. Features include an interactive project gallery, a dynamic blog section and seamless navigation.
